

Security+Plus[®]

WELCOME TO SECURITY+PLUS APPEARANCE PROTECTION

A major portion of a vehicle's value is determined by its appearance — a clean vehicle has greater value at trade-in time. But, there's a big difference between a vehicle that's clean (washed & detailed) and a vehicle that has had its appearance protected inside and out. By making a small investment today, you can ensure your vehicle maintains its appearance and value throughout your ownership experience. Security+Plus Appearance Protection helps you receive a top resale price, reduce turn-in costs, and enjoy your vehicle's original beauty even longer.

There are environmental conditions beyond the manufacturer's control that can negatively affect your vehicle's interior and exterior surfaces. With Security+Plus Appearance Protection, you can shield your vehicle against these unplanned, but not uncommon, issues:
