## QualityGuard+Plus®

**CUSTOMER VALUE** 

**DESCRIPTION** 

Damaged & Repaired, Not Totalled?

An accident with damage on a vehicle's history report can reduce the actual resale value by as much as 30%. Value Protect benefits pay your dealer up to \$5,000 or \$10,000 to minimize your vehicle's diminished value.

**Protection Beyond Repair** 

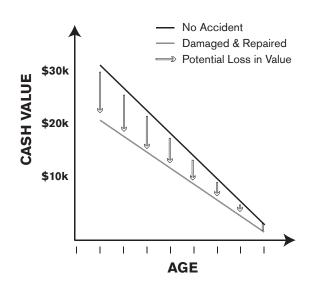

Auto insurance will repair your vehicle but it DOES NOT protect its value. Purchasing a Value Protect plan helps shield you against the loss of leverage when negotiating trade-in value or an early lease termination.

**Financial Peace of Mind** 

Value Protect is the perfect complement to GAP, creating a "Total Financial Protection Package."

**Potential Tax Benefit** 

You can receive a Sales tax credit on the benefit amount, reducing the effective cost of Value Protect.

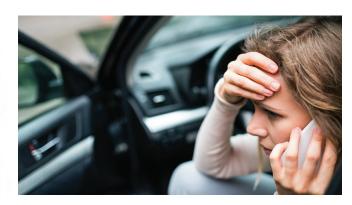

**ADDITIONAL BENEFITS** 

No Deductible; Cancellable

Not available in CA or NY
