Security+Plus®

Theft Protection

How and Why does it work?

Over a million vehicles are stolen every year in the United States. That is one every 20 seconds. Most are never recovered, or are recovered with extensive and costly damages. Since most people carry a significant deductible on their insurance policy, auto theft can result in substantial out of pocket costs to vehicle owners.

So how do you protect yourself?

Security+Plus Theft Protection is a highly effective way to keep your vehicle safe from professional thieves. A unique identification code is permanently affixed to your vehicle in multiple locations. Thieves know that vehicles equipped with this type of protection system are easily traceable by police, they frequently will seek out an unprotected vehicle.

Insurance companies know that the Security+Plus Theft Protection Program is an effective theft deterrent, and therefore it meets many insurance carriers' requirements for anti-theft system premium discounts.

Theft Program Coverages

We are so confident in the effectiveness of our plan, that we will provide you with robust financial benefits in the event that the system fails to deter the theft of your vehicle. Only Nissan Security+Plus Theft Protection provides real financial help when you need it most.

In the event that your vehicle is A) stolen and not recovered, or in the event that it is B) recovered but declared to be a total loss, you will become eligible for the following:

- A cash benefit you can use towards the purchase or lease of a replacement vehicle, to cover your deductible, or to apply towards any other expenses that you may encounter.
- Down Payment Assistance — when you return to your selling dealership, an additional benefit will be paid towards the down payment on a replacement vehicle.

In the event that your vehicle is C) stolen and recovered damaged (but not totaled), you will be eligible for reimbursement of up to \$1,000 to cover your primary insurance deductible.

Additionally, there is a \$500 rental car allowance on any covered event. The reimbursement maximum is \$25 a day for up to 20 days.

Drive with the security of knowing you are protected by Security+Plus Theft Protection.

Please see your contract for the specific terms and conditions of coverage.
